### Athlete Profile

- Austin favorite highlight of his career so far is winning Nationals, and doing a back big spin.
- He wants to progress as far as possible in wake skating, and to ride all over the world.
- His future non-sports related goal is to be an aspiring musician, and to graduate from Post-Secondary education.
- His nickname is Auz but Tanner Champion calls him green hat. His favourite quote is that everyday is a lesson.
- If Austin was stranded on a isolated island he would bring a wakeskate, Seadoo, and unlimited amount of gas and hope there is a couple of people with him.
- If he could have dinner with one person it would be Jack Johnson to hear his thoughts, or Selena Gomez because Austin thinks she's hot!
